

HACKATHON

LOS ANGELES – ANTWERP – HAMBURG – BARCELONA – SINGAPORE – ROTTERDAM – MONTREAL

DATE: FRIDAY, OCTOBER 12 7:00 PM – SATURDAY, OCTOBER 13 7:00 PM
(SIMULTANEOUS W/ THE CHAINPORT HACKATHON AT THE PORT OF ANTWERP)

LOCATION:

USC CITY CENTER DOWNTOWN BUILDING, LOWER LEVEL
1150 S OLIVE STREET, LOS ANGELES, CA 90015

FORMAT:

Teams of participants will select a software-based challenge related to the ports and shipping industry to solve over a 24-hour period. Each team will consist of developers, designers, data analysts and other professionals who will work together to compete for cash and prizes. The finalists will present their winning solutions in front of a panel of judges and their peers. Teams will be tasked to create a demo of their solution that will solve one of 3 identified problem sets.

PROBLEMS TO SOLVE:

To develop the most cost effective, user friendly information sharing technologies for the problem areas.

- 1) Mobility and related issues of moving good into and out of a port
- 2) Interport Data sharing between two or more world ports
- 3) Safety/Security and how to optimize the movement of goods while maximizing secure protocols.
